

CONSULTANTS: HISTORIANS and ARCHITECTURAL HISTORIANS

REVISED 8/12/2009

This list is provided by the Missouri Department of Natural Resources as a service to individuals, local governments, agencies, and businesses seeking the professional assistance of consultants with qualifications in history or architectural history and experience in surveying for and preparing nominations to the National Register of Historic Places. This list is not intended to be all inclusive. All consultants who request inclusion and who meet the professional qualifications outlined in 36CFR61, Appendix A, will be included. The department assumes no responsibility for the accuracy of this list and does not attest to the personal or corporate qualifications of persons or firms appearing on the list. Neither the department nor the State Historic Preservation Office (SHPO) recommend particular consultants or consulting firms. Nor do they require that federal agencies, recipients of federal grants or others hiring consultants select them from this list. The inclusion of a consultant on this list is not an endorsement, sanction, or certification of that consultant by the Missouri Department of Natural Resources or by the State of Missouri.

Before hiring a consultant or consulting firm, review their credentials and ask questions. Make certain their expertise is what you need for your particular project.

For further information, please contact Denise Massman in Division of Administrative Support (DAS) at (800) 361-4827 or (573) 522-3299.
